VISION

To see a disciplined, independent,
moral and upright society.

MISSION

To see a disciplined, independent,
moral and upright society.

INTRODUCTION

About Us

Destiny Shapers Foundation was started as a community-based Organization (CBO) in 2014 with 23 pupils and 3 volunteers. In 2021, we upgraded to a Foundation from CBO. Our current focus has been the Korogocho Community in Nairobi, Kenya.

We focus on the following programs:

- Basic Education for children
- Community Library
- Feeding Program
- Community Empowerment
- Sponsorship

Under the Organization, we run Destiny Shapers Education Centre which is an Alternative Basic Education and Training (APBET) institution located at Korogocho slums in Nairobi County and registered under the Ministry of Education. The center currently has a population of 258 pupils (116 boys and 82 girls) from

preschool to Grade 5 and 60 pupils (Grade 6 and 7) have been integrated into our neighboring schools due to lack of space. We have 18 members of staff who are fully committed to serving the children and the community and we are amazed by this growth that has been made possible through your support and prayers.

ACHIEVEMENTS

Looking back, we stand in amazement by amazing support from the community, local administration as well as our partners. Indeed, we could not make by our own strength but God has been a great provider through His People. We also acknowledge the teamwork and commitment from Destiny Shapers Foundation team.

Basic Education

This year, our commitment to quality education has yielded impressive results. Enrollment figures have increased, showcasing our growing reputation in the community. We have implemented curriculum updates that align with modern educational standards, ensuring our students are well-prepared for

future challenges. Additionally, teacher training initiatives have equipped our educators with the skills needed to inspire and engage students effectively.

Feeding Program

The feeding program has been a cornerstone of our commitment to student well-being. This year, we expanded our meal offerings to ensure that all students receive nutritious food, vital for their physical and mental growth. Regular assessments have shown that the program has improved attendance and academic performance, as students come to school well-nourished and ready to learn.

Community partnerships have been essential in supporting this initiative, providing resources and volunteers to make it successful.

Mentorship

Our mentorship program has had a profound impact on student development this year. We successfully paired numerous students with mentors who provided guidance and support. Success stories have emerged, showcasing how mentorship has transformed lives, fostering personal growth and academic

achievement. Guest speakers and partnerships with local organizations have enriched the program, bringing diverse perspectives and opportunities to our students.

Discipleship

Our discipleship program has played a vital role in the spiritual and moral development of our students. This year, we engaged students in various activities designed to promote values such as integrity, compassion, and community service. Through mentorship and group discussions, students explored their beliefs and learned to apply them in their daily lives. The program has fostered a sense of belonging and support, encouraging students to become positive role models within their communities.

Community Support, Sponsors and Partnerships

This year, we received generous contributions that significantly enhanced our programs. Notably, Safaricom PLC made a substantial donation, enabling improvements to our facilities and educational resources. Light Academy also emerged as a key contributor, supporting initiatives that enrich our students' learning experiences.

In addition, we strengthened partnerships with organizations such as My Credit Limited, Kaizen Consultancy, ALN, and World Serve, providing essential resources for our educational programs. We are deeply grateful for the ongoing support from our community and sponsors, which empowers us to fulfill our mission and better serve our students.

CHALLENGES

Resource Limitations

Despite generous contributions, securing consistent funding remains a challenge, limiting our ability to expand programs and facilities.

Community Outreach

As we strive to enhance our technology offerings, the need for ongoing training and infrastructure improvements remains critical.

Technology Integration

As we strive to enhance our technology offerings, the need for ongoing training and infrastructure improvements remains critical.

Sustainability of Programs

Ensuring the long-term sustainability of successful initiatives often hinges on ongoing funding and community support, which can fluctuate.
